Dividends per share (HK cents)	8.9	7.0	27.1%

(14 August 2008 – HONG KONG) AMVIG Holdings Limited ("AMVIG", Stock Code: 2300) and its subsidiaries (collectively "**the Group**") is pleased to announce the unaudited consolidated financial results for the six months ended 30 June 2008 ("**the Reporting Period**"). During the Reporting Period, the Group achieved another year of strong growth in turnover amounted to approximately HK\$1,475.3 million, an increase of 65.5% as compared to HK\$891.3 million of last year. Gross profit increased by 78.8% from HK\$266.9 million of last year to HK\$477.1 million for the Reporting Period. The significant increase in turnover is primarily attributable to the organic growth of the existing operations together with the inclusion of operating results of acquired operations, Brilliant Circle Holdings International Limited and its subsidiaries.

The Board of Directors of the Group recommended the payment of an interim dividend of HK8.9 cents per share for the six months ended 30 June 2008.

AMVIG continues to benefit from the strong platform established in recent years as a result of its dual growth strategy of integration and targeted acquisition. AMVIG's unique extensive manufacturing footprint, now comprising 14 plants across the PRC, has enabled it to continue to grow and prosper during the Reporting Period, despite challenging economic conditions.

In order to capture the business opportunities arising from industry change, the Group continues to focus on design and innovation, to help increase both our sales and profit margin. Innovative design, including development of new anti-counterfeiting features, enables AMVIG to differentiate itself from competitors and generate additional added value for its products.

Following the move to our new Dongguan plant last year, we also moved our laser film operation in Huizhou to Dongguan in April this year. As a result, our Dongguan plant now is a "one-stop" shop with films and transfer papers production and cigarette packaging printing all housed in one location. This will result in better utilization of resources, and reduce wastage and transportation costs.

"On the acquisition front, we are delighted to have Hangzhou Weicheng Printing Company Limited ("Hangzhou Weicheng") joining our Group. Hangzhou Weicheng is recognised as one of the best operated cigarette packaging printing companies in China and it's also a key supplier to China Tobacco Zhejiang Industrial Co., Limited, being one of the top ten tobacco groups in the PRC." said Mr. Chan.

Looking ahead, we will follow the same dual growth strategy of integration and targeted acquisition to maximize shareholders' value.

END
